SHOP NEWS

Volume 1, Issue 7, July 2010

The shop continues to be steady and keeping busy. We are continuing to see new and diverse projects that challenge our operators and the capabilities of our equipment. We are continuing to add new people and have now completed the addition of one extra person to each shift. The extra help has been good - allowing our production levels to increase while maintaining our delivery schedule at a 2 to 3 week turn around. The extra help also fits well with our continued growth plans and our addition of more equipment over the summer and fall of this year. Our hope is that it will be much easier to bring new equipment into production with trained people already here and ready to go.

We have finished all of our metric, micro end mill line of tools and also have a new line of thread mills. If any applications require any of our product line tooling, we still provide approval based samples to try. All of our product line is available on the website and also in our pocket catalog.

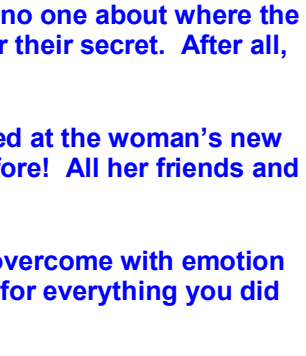

Monthly Specials

Watch for our upcoming Monthly Specials. Every month we have one of our stock tools on sale. Listed below our the tools we will have on sale for the next 2 months.

July- NPT & NPTF Full Form Thread Mills

New Pocket Books

There has been a change in plans for our new brochures. We have updated our small pocket catalogs with new items and pricing. These are in house and will be distributed in the coming weeks. If you would like some give us a call and we would be happy to send some out. We still are working on a larger brochure that will be coming in the next few months.

SWEET CHEEKS

A married couple was in a terrible accident where the woman's face was severely burned. The doctor told he husband that they couldn't graft any skin from her body because she was too skinny.

So the husband offered to donate some of his own skin. However, the only skin on his body that the doctor felt was suitable would have to come from his buttocks. The husband and wife agreed that they would tell no one about where the skin came from, and requested that the doctor also honor their secret. After all, this was a very delicate matter.

After the surgery was completed, everyone was astounded at the woman's new beauty. She looked more beautiful than she ever had before! All her friends and relatives just went on and on about her youthful beauty!

One day, she was alone with her husband, and she was overcome with emotion at his sacrifice. She said, "Dear, I just want to thank you for everything you did for me. There is no way I could ever repay you."

"My darling," he replied, "I get all the thanks I need every time I see your mother kiss you on the cheek."

THE MISSIONARY

A missionary recruit goes to Venezuela for the first time, struggling with the language. He visits one of the local churches and sits in the front row.

So as not to make a fool of himself, he decides to pick someone out of the crowd to imitate. He decides to follow the man sitting next to him in the front pew. As they sing, the man claps his hands, so the missionary recruit claps, too. When the man stands up to pray, the missionary recruit stands up, too. When the man sits down, the missionary sits down.

Later in the service, the man next to him stands up again, so the missionary stands up, too.

Suddenly a hush falls over the entire congregation. A few people gasp. The missionary looks around and sees that no one else is standing. So he sits down.

After the service ends, the missionary recruit greets the preacher. "I take it you don't speak Spanish," the preacher says.

The missionary recruit replies, "No, I don't. It's that obvious?"

"Well yes," the preacher says. "I announced that the Acosta family had a newborn baby boy, and I asked to proud father to please stand up."

Check out our newly updated website with online ordering available

We have recently updated our website. Take a look and see the new format along with an updated list of tools we have in stock. We also have updated pricing for all the tools we carry. We still have our specials page with our monthly stock tool we have on sale. New to the Website is an online ordering option we have added and also our bargain cave. The Bargain Cave will have over stock tools at a discounted price. The tools, which are different Form Tools, Mold Tools, End Mills, and Reamers just to mention a few, are over stock and have been discontinued by the original customer. Take a look and see if there is something that might fit your application. Just click on the logo below to take a look at the updated Website.

Rifle Range Trouble

A new Army recruit was on the rifle range. He fired 50 shots and completely missed the target with every shot!

His Drill Instructor called him to attention and got in his face. "What's the matter with you?" shouted the Drill Instructor. "Why can't you hit the target? What were you in civilian life?"

"I was a telephone repair man," replied the recruit, "and I don't know why I can't hit the target. Let me see..."

The man checked his rifle, checked his rifle again and then checked his rifle a third time. He then put his finger in front of the muzzle, pulled the trigger and blew the end of his finger off!

"Well," the phone man said, writhing pain, "the bullets are leaving this end here fine. The trouble must be on the other end!"
