SHOP NEWS

Volume 1, Issue 8, October 2010

We are expecting our two new machines here in the next couple of weeks. One of our machines was on display at the IMTS show in September at Chicago. The machine was featured at the Saacke booth and was being demonstrated during the show. The other machine we are receiving is a pre-plunge machine from Rollomatic. We are very excited about receiving both machines and the extra capacity they will bring us for manufacturing.

We have quite a bit of training on the new equipment scheduled for late October and early November. We are hoping to be in production with both machines prior to Thanksgiving. Please feel free to contact us to schedule a time to see our new capabilities and what opportunities might be available.

STRIKE ONE!

A neighbor was watching a little boy playing with a ball and bat in his backyard. "I'm the greatest hitter in the world" the boy exclaimed as he threw the ball into the air.

He swung with all his might but missed the ball and fell down himself. "Strike One" he says as he gets up.

He throws it up again and swings. Again the ball falls to the ground with a thud. "Strike Two" he yells still undeterred.

"I'm the greatest" he says as he swings once again hitting only air as the ball falls to the ground.

This time he dances around the backyard as he yells "Strike Three.... I'm the greatest pitcher in the world!"
